NATURE'S CATARRH CURE.

Sensible and Scientific Way to Cure This
Disagreeable Disease.

Nearly everyone suffers at one time
or another with catarrh.
The natural way to cure this disagree-
able disease is by applying healing medi-
cations direct to the diseased spot.

In no other way can this be done as
naturally as by the use of Hymel's
breathed through the nose pocket-inhaler
that comes with every outfit.

Put several drops of Hymel's in the
inhaler and then for a few minutes, four
or five times a day, let the air you
breathe come through it. In that way
all the air that enters the nasal passages,
the throat or the lungs, is filled with
Hymel's healing medication, reaching
the most remote air cells of the respira-
tory organs, destroying all catarrhal
germs and soothing and healing the ir-
ritated mucous membrane.

A few days' use of Hymel will show
how quickly it relieves all catarrhal
troubles, and you will not have to use
it long before you find it has effected a
complete cure.

So strong is Rickett & Wells' faith
in the power of Hymel to cure catarrhal
troubles that with every dollar outfit
they give a guarantee to refund the
money unless the remedy gives satisfac-
tion. They take all the responsibility
and you cannot afford to suffer longer
with catarrh when an offer like this is
made to you.

Should extra bottles of Hymel be
needed they can be obtained for 50c.
This makes one of the most economical
as well as the most reliable remedies
for catarrh that is known.

LYNCHING DEFEATS JUSTICE.

Mob Violence Destroys Evidence Against
North Carolina Negroes.

Charlotte, N. C., Feb. 1.—The case
against Della Dellinger, Henry Gillespie
and George Irving, all colored, charged
with murder, was called Wednesday in
the superior court at Stateville. When
the mob of whites lynched the other
three negroes implicated in the crime at
Salem last summer there was left no
evidence against the survivors of the
mob's vengeance. Judge Moore accord-
ingly discharged the witnesses and or-
dered the jury to bring in a verdict of
not guilty.

Dr. Myles' Remedies.

This reward is offered be-
cause certain unscrupulous
persons make false statements
about these remedies. It is
understood that this reward
applies only to goods purchased
in the open market, which
have not been tampered with.
Dr. Myles' remedies cure by
their strengthening and invigorat-
ing effect upon the nervous
system, and not by weakening
the nerves.

"I consider that there are no better
remedies put up than Dr. Myles' Liver
and Kidney Pills. We have used them
for years, and recommend them to
many others. My wife is using the
Nerve and considers it the best
medicine in the world. A lady friend
of mine, who was almost a total nerve
wreck, through my earnest solici-
tude has used several bottles of the
Nerve and with wonderful results."

ABOUT THE STATE.

Items of Interest Gleaned From Our
Exchanges.

Ransom Willard, deputy master of
the East Cambridge, Mass., house of
correction, who died Sunday at the
Massachusetts General hospital, was
born in Rockingham in 1847.

Elifjah Ridd, of Bennington, who will
be 96 years old in April and who has
been confined to the house several
weeks as he result of injuries received
by falling on the ice, is recovering from
his injuries.

Ernest G. Walker of Manchester, a
dealer in meat and produce, filed a
petition in bankruptcy Wednesday.
He has liabilities of \$2,852.50 and as-
sets of \$2,033.21 of which \$550 is
claimed exempt.

The Rev. Dr. E. C. Bass, endowment
agent of the university of Vermont,
states that the centennial endowment
fund now amounted to about \$345,000,
of which \$191,000 is in hand. For the
next two months Mr. Bass will be en-
gaged in and about this city in an ef-
fort to increase the fund.

John Barr, of Cabot, narrowly es-
caped being killed in the woods on his
farm while getting up wood, the pile
falling on to him and pinning him
down. He was alone and for a time
thought he would be unable to get out
but he did finally after a while. His
condition is as comfortable as could be
expected.

J. H. Goulding, of Wilmington, a
past-president commander of the
department of Vermont, Grand Army
of the Republic, has been appointed
one of the national committee of the
G. A. R. on pensions. Mr. Goulding
is in Washington this week attending
the meeting of the committee, which
is one of the most important and re-
sponsible ones in the organization.

As Bert Bliss, who is employed by
the village at the municipal electric
light plant at Highgate Falls, was re-
turning home Monday evening, while
driving over the railroad track at
Butter's crossing, the sleigh runner
caught, throwing Mr. Bliss out. One
shoulder was dislocated and he lay in
the road for nearly half an hour. The
horse, which had run away, was caught
at Kelly brook and search was made for
Mr. Bliss. He was taken to the Com-
mercial house at Highgate Center where
Dr. D. O. Powers reduced the fracture
and the injured man was then brought
to his home in Swanton.

Three blocks of marble, the com-
bined weight of which was several
thousand pounds, were shipped from
Rutland Tuesday evening. The reason
for sending the marble by such an
unusual method is that the blocks
are to be used as samples for a rush
job and must be sent to New York to
be finished as quickly as possible. One
of the many contracting concerns now
bidding on the new addition to the
White House at Washington, D. C.,
will use the blocks, which are of the
finest quality, for samples of interior
marble. The express charges on the
marble was over \$100.

KIDNAPPED GIRL.

Rival Lured Her to Steamer and Texas
Lover Then Killed Himself.

Galveston, Tex., Feb. 1.—Because his
friend kidnapped his sweetheart and car-
ried her away on a Russian steamer, Dr.
Sigmund Weinstein shot himself at the
Elks' club Wednesday. He was 43 years
old.

Until Dorothy Franklin, name to Gal-
veston with the Olympia opera company,
four or five months ago, Weinstein had
seemed impervious to feminine charms.
He fell in love with the girl and she
stayed here.

An officer of the Russian steamer Gro-
duvo was a friend of Weinstein in the
old country. Their acquaintance was re-
newed here. The doctor and the girl
were frequent guests on board the ship.
The officer was smitten by the woman's
charms.

The girl was induced to accept an in-
vitation to dine alone on board the ship.
As she slipped her wine the moorings
were cut and the boat was carried away
from the wharf before Dorothy realized
that she was being carried away. She
rushed to the railing and cried out, but
her cries were muffled and she was led
back inside.

Weinstein had reached the wharf and
saw the girl and heard her cry. He car-
ried her to Hamburg when the boat
was there and a failure to hear from
her was the cause of his suicide.
